

Port Angeles High School  
School Improvement Team  
Minutes  
October 31, 2011  
Room 115

**Present:** Garry Cameron, Rosalynn McKenna, Dana Snell, Elizabeth Helwick, Leslie Perrizo, John Mitchell, Bernie Brabant, and Bev Eisele.

Minutes from October 17 meeting approved.

Conferences were discussed. At the Wednesday morning meeting, November 2, conference details will be presented. SIT members would like to see a survey at the end of each student-led conference asking parents for their preference of arena style or student-led conferences. This will be an additional column with the choice of "S" for student-led and (A) for arena style conferences. Also, a line will be added to the bottom of the form for the advisor to write in their preference.

The arrival start time discussion will continue. Dr. Cameron will put together a task force to look into it.

The concerns surrounding high school dances were discussed from lighting issues, dress code violations, and the logistics of parent notification with the manpower we have available. Dr. Cameron will talk with leadership after Thanksgiving to share concerns; the suggestion was made to send the dance policy to the school board for review.

Leslie Perrizo submitted a handout about Life Resources with Brad Henning. Several presentations are available including a school-wide assembly, workshops, and a parent presentation. Stevens Middle School has previously hosted the assembly, so Dr. Cameron will get input from Chuck Lisk.

Next meeting is scheduled for December 5.
