Our Vision— All Port Angeles School District students will graduate prepared for life-long learning.

## Port Angeles School District 2018-19 Annual Performance Report

We are pleased to share our 2018-19 Port Angeles School District Performance Report with you. In this report you will find basic information about each of our schools. We are pleased with our progress and will outline some of these successes within each school report.

We continue to strive to increase our graduation rates. Port Angeles School District’s on-time graduation rate is 80.9%. This graduation rate has increased 3% over the last six years. We will not rest until all students graduate from our school system with a degree that prepares each student for life-long learning in the 21st century.

Our student performance continues to be strong. Port Angeles School District’s demographics are more challenging than the average school in the State of Washington. Even with that challenge, our outstanding educators and students work hard to outperform the State average in nearly every student assessment category.

Finally, we continue to offer and expand our robust Career and Technical Education (CTE) program at the middle and high school level. Course offerings include business, marketing, industrial technology, trades and Navy Junior Reserve Officer Training Corps.

We hope you find this summary overview useful and informative. We are incredibly proud of our school system and we are committed to creating learning communities that prepare each student to live, work, and learn successfully in a changing world (this is our mission). Visit [www.portangelesschools.org](http://www.portangelesschools.org) to learn more about our district.

Sincerely,

Martin Brewer, PASD Superintendent

### Strategic Goals for 2018-2021

#### Powerful Teaching and Learning

All students will graduate college, career, and life ready. Staff will teach 21st century skills to prepare students for a complex, ever-changing world. We will implement systems of support to ensure equity and access for all students.

#### District Culture

Promote a safe, healthy, affirming, welcoming learning environment. Celebrate success through broad-based, varied media.

#### Family and Community Engagement

Create a system of open, accessible communication between staff, students, families and community. Provide opportunities for families to support student learning. Build partnerships with community organizations to support student success.

#### Facilities

Our high performing staff maintains professional standards and demonstrates proficiency. We will provide safe facilities which support powerful teaching and learning. We support maintaining existing infrastructure and enhancing district facilities with new construction as needed.

Advocacy • Achievement • Accountability
