

Long-Range Facilities Task Force
May 7, 2013

Strengths of this meeting:

- Great conversations! Tonight was a great night of open and creative conversations!
- Treats
- Glad the subject would allow feedback from some of the At Large Members.
- We need to have transportation for students to be involved in after school activities and community volunteerism opportunities.
- Kids with free time is rarely every productive (sometimes reproductive instead).
- Marine program with schools.
- Enjoyed partnering (turn & talk) with a different table group.
- The conversation was more on our focus “I thought”. We are really going to get into the Nitti gritty of our task.
- Strong discussion.
- Love the ideas of having plans and flexibility...these are concepts we employ at my company.
- Strong collaboration among task force members.
- Idea of contingency plans resonated with me most.
- Starting to focus more on key issues related to facilities.
- Well-managed. Good energy.

Comments/Suggestions for Improvement:

- Can we look at info Kelly/District using to project next year’s enrollment and beyond?
- Glad to see some thinking about alternative schools program: Lincoln High School, Running Start, Skills Centers, Home Schools
- Bring back no bake cookies.
- The fruit was great! Thank you!
- We need to start planning what building may look like and timeline.
- We need to focus on concrete issues. We continue to talk about theory but need to focus on action and be efficient in our time.
- We need to focus on a plan of action.
- Please send the complete agenda out ahead of the meeting.
- Pizza
